

Take the quiz! Compare country size.
 Which of the images on both sides of this placemat are "area accurate?" How is the Hobo-Dyer projection below different from the one on the reverse side? Answers and details about all the images are at www.odt.org/hdp. To the right:

- (5) Van Sant's Geosphere,
- (6) Guelke's Toronto-centered projection,
- (7) the Oxford Globe, and
- (8) Goode's Homolosine
